

Peter Zilahy

Reads from and Discusses
His International Sensation

The Last Window-Giraffe

“There’s a wizardry in Zilahy’s ability to shrink an entire historical epoch to human scale while at the same time elevating ordinary experience to mythic significance. This is intellectual alchemy of the highest order, executed with wit and compassion. Zilahy can murder a sacred cow and canonize an unknown victim of totalitarianism in a single sentence.” —MARINA ABRAMOVIĆ
